

Welcome to the Learning Tour for REAL/Easy Back Office System

Welcome to REAL/Easy Back Office System, or BOS. You will find that the BOS system will enhance your ability to track your real estate business more efficiently and improve management reports so you can more quickly adapt to changes in your markets.

The purpose of this Learning Tour is to help get you off to the right start. A good way to learn quickly is to see examples using our learning company, Best Realty. With this “Tour” you will learn the basics of how BOS can help you track your business.
